

MEHUL ARORA

SOFTWARE ENGINEER

Faridabad, India | mehularora505@gmail.com | github.com/MEHULARORA11 | linkedin.com/in/mehul-arora-32674b238 | mehularora.dev

PROFESSIONAL SUMMARY

Detail-oriented Full Stack Developer specializing in backend engineering, scalable systems, and real-time architectures. Experienced in building high-performance web applications using Node.js, Express, Redis, and WebSockets. Passionate about solving complex system-design problems, optimizing database queries, and creating modern, responsive user interfaces.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), SQL, HTML5, CSS3
- **Backend & Tools:** Node.js, Express, Redis, WebSockets, REST APIs, Git, npm
- **Frontend:** React.js, Tailwind CSS, Framer Motion, HTML, CSS
- **Databases:** PostgreSQL, MongoDB, SQL

PROJECTS

1 Million Checkboxes | *React, Node, Express, Redis, WebSockets* [GitHub] [Live Demo]

- Scaled a collaborative real-time grid application supporting 1 million checkboxes concurrently with sub-millisecond updates.
- Integrated Redis for memory-efficient state management, pub-sub messaging, and rapid atomic key-value operations.
- Architected WebSockets connection pooling and broadcast pipelines to manage thousands of concurrent client updates with minimal latency.

Custom Tailwind Compiler | *Node.js, npm, JavaScript, CSS* [npm Package] [GitHub]

- Developed and published talwinder-ji-ki-css on npm, a lightweight, utility-first CSS preprocessor.
- Engineered an AST-like parser to compile dynamic utility classes into highly optimized static stylesheet maps.
- Optimized asset sizes by purging unused classes, reducing compiled CSS bundles by over 40%.

Tic Tac Toe & Web Games | *HTML5, CSS3, JavaScript (ES6)* [Tic-Tac-Toe Live] [Guessing Game]

- Built responsive interactive web games in vanilla JavaScript, implementing custom logic for winning-path validation and optimized state flow.
- Designed clean UI layouts utilizing CSS variables and modern responsive grids for seamless mobile and desktop cross-compatibility.

EDUCATION

JC Bose UST (YMCA) | Bachelor of Technology (B.Tech) in CSE [Expected Graduation: June 2029]

Faridabad, India | First-year coursework focuses on Computer Science foundations, database engineering, and algorithms.

CERTIFICATIONS & ACHIEVEMENTS

Zenith 5.0 Hackathon Certificate | *unstop.com* [Verify Credential]

Participated in the Zenith 5.0 hackathon at JC Bose UST, building real-time collaboration tools.
