

MEHUL ARORA

FULL STACK DEVELOPER // BACKEND ENGINEER

Faridabad, Haryana, India | mehularora505@gmail.com | github.com/MEHULARORA11 | linkedin.com/in/mehul-arora-32674b238 | mehularora.dev

PROFESSIONAL SUMMARY

Highly focused and detail-oriented Full Stack Developer specializing in backend engineering, scalable systems, and real-time architectures. Experienced in building high-performance web applications using Node.js, Express, Redis, and WebSockets. Passionate about solving complex system-design problems, optimizing database queries, and creating modern, responsive user interfaces.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), SQL, HTML5, CSS3
- **Backend & APIs:** Node.js, Express, Redis, WebSockets, REST APIs
- **Frontend & Styles:** React.js, Tailwind CSS, Framer Motion, HTML, CSS
- **Databases & Tools:** PostgreSQL, MongoDB, SQL, Git, npm

PROJECTS

1 Million Checkboxes | *React, Node.js, Express, Redis, WebSockets* [GitHub] [Live Demo]

- Scaled a collaborative real-time grid application to support 1 million checkboxes concurrently with sub-millisecond updates.
- Integrated Redis for memory-efficient state management, state caching, and rapid atomic key-value operations.
- Architected WebSockets connection pooling to handle thousands of concurrent client updates with low connection overhead.

Custom Tailwind (Talwinder CSS) | *Node.js, npm, JavaScript, CSS* [npm Package] [GitHub]

- Developed and published talwinder-ji-ki-css on npm, a lightweight, utility-first CSS preprocessor.
- Engineered an AST-like parser to compile dynamic utility classes into highly optimized static stylesheet maps.

Tic Tac Toe & Web Games | *HTML, CSS, JavaScript* [Tic-Tac-Toe Live] [Guessing Game]

- Built responsive interactive web games in raw JavaScript, implementing custom logic for winning-path validation and optimized state flow.
- Designed clean UI layouts utilizing vanilla CSS responsive grids, CSS variables, and modern visual states.

EDUCATION

Bachelor of Technology (B.Tech) | JC Bose UST (YMCA), Faridabad, India

[First Year]

Focusing on Computer Science foundations, database engineering, and structures.

CERTIFICATIONS & ACHIEVEMENTS

Zenith 5.0 Hackathon Certificate | *unstop.com* [Verify Credential]

Participated in the Zenith 5.0 hackathon at JC Bose UST, building real-time collaboration tools.
